

ROSTEK ARMSTRONG LIGHT ROOF TROLLEY

ARMSTRONG

Product code: R013322

TROLLEY TYPE	Rostek Armstrong
TRACK TYPE	RS133D, RS137, RS163
WORKING LOAD LIMIT	700kg (total suspended load)
DIMENSIONS	2,8m x 1,9m x 0,8m
OUTREACH	Adjustable 600-1400 mm
MATERIAL	HDG Steel, Stainless steel bearings and shafts
TRAVERSE SPEED	6.0 m/s
POWER SUPPLY	3 phase, 400V/50Hz
WEIGHT	280kg
DESCRIPTION	Armstrong is a good solution for non-visible double-track system installations on the roof where light weight equipment is needed. Floating rear trolleys makes the Armstrong agile and it can traverse corners effortlessly. Due to light weight of the trolley, it is also suitable for light roof structures. Armstrong can be painted according to customer needs.
